## RAT WEEK TO BEGIN ON NEXT MONDAY

LOCAL KIWANIS CLUB BOOST-  
ING "RAT KILLING WEEK"  
IN PUTNAM COUNTY

### PRIZES TO BE AWARDED

The Organization Will Offer Pre-  
miums to People Bringing in the  
Most Rats, etc.

The local Kiwanis Club is asking  
that the citizens of Greencastle and  
Putnam County observe the week of  
March 24 to Saturday, March 29, as  
"Rat Killing Week." Prizes are to  
be offered by the organization at the  
close of the week.

The prize list is as follows:  
\$5 for the most rats killed.  
\$1 for the biggest rat killed.  
\$1 for the whitest rat killed.  
\$1 for the blackest rat killed.

Rat tails will be accepted as proof.  
The prizes will be awarded at 3  
o'clock, Saturday afternoon, March  
29, at the north door of the court  
house.

The public affairs committee of the  
Kiwanis Club is in charge of this  
campaign for the extermination of  
rats.

#### Some Rat Statistics

Rats breed with a rapidity that  
would soon wipe humanity off the face  
of the earth if all their offspring lived.

A rat begins breeding at three  
months, and has an average of twelve  
litters a year, with ten rats to a litter.

One rat in a year would be multi-  
plied to 2,500,000 rats if they all sur-  
vived.

The combined weight of this one  
rat family would be 651 tons, or equal  
to the weight of 162 full-grown ele-  
phants.

There are more than half a billion  
rats in the United States today.

In towns and cities they exceed the  
human population.

They eat up more than \$1,000,000-  
000 worth of foodstuffs in a year,  
spread disease and cause other dam-  
age.

Only by waging continual war  
against them is it possible to "keep  
them down."

## A FAMOUS CROOK TAKEN

INTERNATIONAL RAFFLES AR-  
RESTED WHILE MEETING  
SWEETHEART IN FRANCE

MARSEILLES, France, March 21—  
Love of a woman led to the re-  
arrest of Paul Camilleri, member of  
the gang which carried out the fa-  
mous Shattuck jewelry robbery in  
New York in 1922.

Detectives, who had been shadow-  
ing the man's sweetheart for weeks,  
pounced on the international bandit  
last night, just as he was meeting  
her.

Camilleri fought savagely but was  
overpowered.

"It is always women," he said as  
police led him to the station.

### UNDERGOES OPERATION

CHICAGO, March 20—Charles A.  
Comiskey, owner of the Chicago  
White Sox, was operated on for gall  
stones in a hospital here and while  
his condition is not serious, his phy-  
sicians are "somewhat worried" it was  
stated at the hospital. The "old Ro-  
man" is 65 and has been ailing for  
some time. Harry Grabner, secre-  
tary to Comiskey, has been summon-  
ed from his Sox training camp in  
Florida.

### FIREMAN'S BALL

Greencastle dancers will be shown  
a good time on Thursday March 27,  
when the local firemen will hold a ball  
at the American Legion Hall. The  
ball will be given for the benefit of  
the firemen who will use the proceeds  
for suits. Music will be furnished by  
the DePauw Comedy Orchestra.

## WHEAT POOL MEETING HELD AT BAINBRIDGE

Large Crowd Attending Monroe  
township meeting, Russell P.  
Hall Explains Pool

One of the largest and most in-  
terested audiences that have attend-  
ed a Putnam County wheat pool  
meeting was assembled in the school  
building at Bainbridge Thursday night  
when R. P. Hall, representative  
from Purdue University talked on the  
advantages of the Wheat Pool. Mr.  
Hall's subject was "The Marketing  
and Advantages of the Wheat Pool."  
The interesting way in which the  
audience took note of the talk and  
the questions asked were evidences  
of the popularity of the Wheat Pool.  
Several contracts were signed by  
the farmers and every possible help  
for the enlargement of the club was  
offered by the farmers.

## CHINA IS AFTER TREATY

NEGOTIATIONS BEING CARRIED  
ON WITH RUSSIA FOR DI-  
PLOMATIC RECOGNITION

PEKIN, March 21—The president  
today empowered Dr. Wellington Koo,  
former ambassador in Washington to  
succeed foreign minister Wang as  
head of the Chinese delegation negoti-  
ating with Russia for a treaty to  
grant diplomatic recognition to that  
power.

It is reported reliably Russia will  
consider any plan China may formu-  
late for resumption of the negotia-  
tions considering neither party to  
blame for the breakdown. In officials  
circles here it is noted that the high  
handed tactics of M. Karakhan, head  
of the Russian delegation have been  
abandoned presumably on advice  
from Moscow.

### LEASE IS EFFECTED

KOKOMO, Ind., March 21—Lease  
of 100 acres of the John Kinney farm  
south of here, to be used for a flying  
field, has been effected. W. H. Arnett  
secretary of the Kokomo Chamber of  
Commerce, said today. The lease has  
yet to be approved by state and fed-  
eral governments however.

Before the lease was made, it was  
understood that the 113th observation  
squadron, federalized national guard,  
might be moved elsewhere.

### TO LIMIT STUDENTS

HILLSDALE, Mich., March 24—  
By unanimous enactment of the Pru-  
dential Committee of Hillsdale Col-  
lege, the number of students to be  
permitted to be in attendance in any  
one semester is limited to five hun-  
dred, of which one half may be men  
and one-half women, according to a  
chapel announcement before the stu-  
dent body today.

Special provision is made for those  
students who return to complete their  
course and for sons and daughters  
and near relatives of alumni, trustees  
and benefactors of the college provid-  
ing their scholarship standing is  
above the lower one third of their  
class in high school.

It is announced as the clearly de-  
fined policy of the College to furnish  
the finest possible facilities for lib-  
eral arts study, and to this end the  
governing body has accompanied its  
new rule of members by an authoriza-  
tion for the addition of new members  
to the faculty and the placing of new  
buildings on the campus of which the  
new gymnasium is to be the first unit.

### MEN STILL ALIVE

TOKIO, March 21—Fourteen men  
are believed still living in the engine  
room of the Japanese steamer num-  
ber forty which was sunk yesterday  
in a collision near Nagasaki.

Crews sent to Salvage reported  
that at 7:40 p. m. yesterday they  
were amazed to hear shouts coming  
from the interior of the sunken hulk.

Banzai emperor, was the cry which  
came to the ears of the salvage crew  
—the Japanese equivalent of "Long  
live the king."

Miss Emily Jackson who is teach-  
ing in Nokomis, Ill., will spend the  
week end with her uncle and aunt,  
Mr. and Mrs. James L. Browning.

### LOOK FOR JAP MUMA

Senate Investigating Committee  
Searching for This Witness In  
Particular. Will Recall Roxie

WASHINGTON, March 21.—Jap  
Muma, who knows the whole story  
of the Dempsey-Carpentier fight films,  
was sought today as the next wit-  
ness in the senate committee inves-  
tigation of the administration of At-  
torney General Daugherty. Every  
witness who has been on the stand  
thus far in connection with the fight  
film angle of the investigation has  
told the story as Muma, newspaper-  
man, employee of E. B. McLean, told  
it to him.

If Muma cannot be found, Mrs.  
Roxie Stinson, divorced wife of the  
late Jesse Smith will be recalled to  
give the committee new sensational  
details of her story of political in-  
trigue. Angered by Daugherty's at-  
tack on her character and armed with  
documents bearing on her story, Mrs.  
Stinson is said by committee mem-  
bers to be prepared to "fight with-  
out gloves."

A subpoena was issued for Muma  
yesterday demanding his appearance  
this morning. He is believed to be  
in Washington.

### ORATORICAL CONTEST HELD AT BAINBRIDGE

Five Contestants Were Entered, Four  
of Whom were Freshmen in  
the Bainbridge School

Five contestants were entered in the  
Oratorical contest given at the  
Bainbridge High School Wednesday  
afternoon. Miss Dorothy Akers, a  
freshman in the High School won  
first place by a close score, the score  
of the four other contestants running  
about the same. Four of the five  
contestants were freshmen.

The subjects of the contestants  
were as follows: "Constitution, Wash-  
ington and the Constitution, Madison  
and the Constitution." Miss Akers  
will represent Bainbridge in the dis-  
trict contest which is to be held in  
this city Tuesday.

### NEW WITNESS FOUND

KANSAS CITY, March 21—Investi-  
gators of the murder of beautiful  
Zoe Wilkins today obtained evidence  
which solved many previously unex-  
plained incidents connected with the  
mysterious slaying.

A woman whose name has not yet  
been revealed, who was with Dr. Wil-  
kins until 9:30 p. m. Saturday has  
been found. She said when she left  
Dr. Wilkins' home, Dillard Davis, a  
negro janitor was in the house. Dr.  
Wilkins appeared greatly agitated,  
the ne witness said.

"Davis told Dr. Wilkins to get me  
out of the house," the woman said.  
"He called her into the kitchen and  
I overheard him say 'Get that woman  
out of here. I can't wait any longer.'"

Dr. Wilkins asked me to leave but  
wanted me to telephone her when I  
reached home. I called her several  
times but was informed that some one  
had apparently left the receiver off  
the hook. I tried to get her several  
times Sunday and finally went to the  
house in an automobile with a male  
companion Sunday night to keep an  
engagement with Dr. Wilkins. I  
found all lights out and the door  
locked.

The knife with which the woman's  
throat was cut was identified as be-  
longing to Davis by two witnesses,  
although he denied its ownership.

### RUSSIA'S COTTON CROP

MOSCOW (United Press)—Russia  
expects to harvest this year 3,500,000  
pounds of cotton, or 50 per cent. of her  
cotton requirements. This is an in-  
crease from 25 per cent. harvested  
last year.

## CLAMOR FOR CONVICTION

MUNICH, March 21.—Prison terms  
ranging from eight years to one  
year, three months were demanded for  
General Ludendorff, Adolf Hitler and  
their fellow conspirators of the beer  
cellar putsch of last November by  
the state prosecutor today.

### NEW OLYMPIC OFFICER

PARIS, March 21.—Admiral An-  
drew T. Long, Washington, has been  
appointed vice president of the Amer-  
ican Olympic committee to succeed  
General Henry. Allen, according to  
a rumor heard today. It has been  
reported frequently of late that the  
French officials desired the resigna-  
tion of General Allen because of al-  
leged anti-French sentiments ex-  
pressed by him in a book that he  
published some time ago.

## CHICAGO'S POLICE FORCE IS CROOKED

DISTRICT ATTORNEY OLSEN  
MAKES SLASHING CHARGES  
AGAINST POLICEMEN

### OFFICERS TAKE BRIBES

Olsen States that Most of the Recent  
Crime Wave is Due to Unfaithful  
Police Force

CHICAGO, March 21.—Half of Chi-  
cago's policemen were accepting  
bribes from breweries until federal  
authorities drove the breweries out  
of existence, District Attorney Edwin  
A. Olsen charged today.

"The federal government took the  
police department out of beer by tak-  
ing the beer out of Chicago," Olsen  
said. With thugs and gunmen run-  
ning the breweries corruption slowly  
spread in the ranks of police until it  
threatened to engulf the entire de-  
partment, Olsen said. Beer was flood-  
ing the city, he said, and many of  
the murders of the past two years  
were directly attributable to the traf-  
fic.

Sixteen breweries have been shut  
down in this district in the last year,  
Olsen said.

## BASKETBALL PROFITABLE

STATE ATHLETIC ASSOCIATION  
AND INDIANAPOLIS SCHOOLS  
RECEIVED LARGE SUMS

The attendance at the state basket-  
ball tournament in Indianapolis last  
week was the largest in the history of  
the state athletic association. Reports  
on receipts and disbursements have  
not been made, but it is safe to say  
that the receipts will be much larger  
than last year.

In 1923, the association profited to  
the extent of \$8,478.03 while the In-  
dianapolis high schools, which were  
hosts, got \$5,652.02. This makes a  
total of \$14,130.05 profit off the state  
tournament of 1923.

A large number of expense items  
must come out of the receipts of the  
tournament. In 1923 it was necessary to  
pay the following expenses: court and  
bleachers, meals, lodging, transporta-  
tion, referees, hall, incidentals,  
balls, nets and scorebooks, tickets,  
programs, medals, physician (first  
aid), badges, drayage, signs, towels  
and meals for police.

The total receipts for the tourney  
in 1923 were \$19,006.40, while the ex-  
penditures amounted to \$4,876.35.  
This shows that a large percentage of  
profit is made by the I. H. S. A. A. off  
the state tourney. The money ob-  
tained from the tourneys is used to  
forward the work of the I. H. S. A. A.  
and to stimulate clean athletics  
among the high schools.

### WABASH ENDOWMENT

The endowment campaign at Wa-  
bash college has started and the stu-  
dent drive is being organized. Each  
student is expected to "give or get"  
\$125 as his share of the endowment  
fund.

## C. A. WALB WILL SPEAK TOMORROW

REPUBLICAN STATE CHAIRMAN  
AND OTHERS WILL BE THERE  
FOR THE COUNTY MEETING

### COMMITTEEMEN COMING

Session Will be Held in the Council  
Chamber at Half Past One. Dis-  
trict Chairman Nebeker to be Here

Fred Masten, Republican County  
Chairman, announced today that a  
county meeting of precinct commit-  
teemen and women will be held in the  
city council chamber tomorrow after-  
noon at half past one o'clock.

Among the speakers will be Clyde  
A. Walb, State Republican Chairman;  
Mark Nebeker, District Chairman,  
will also be here and will speak brief-  
ly. Candidates for congress and coun-  
ty officers will also be on the speakers  
list.

Fred J. Walter, of Lawrence, Kan-  
sas, was in this city Thursday to get  
his Ford touring car which was stol-  
en from his home several weeks ago.  
The local officers had just recently  
located the car.

Dave Braden, deputy sheriff, was  
in Belle Union and Vivalia Thursday  
on business.

### CONCERT BY OLD GOLD ORCHESTRA BEFORE PLAY

Many Interesting Features Arranged  
for Wednesday night at the  
Opera House

Not only with the "Blue Bowl,"  
one of the best laugh producing com-  
edies ever enacted in Greencastle, be  
well worth while, but those in charge  
of the Boy Scout benefit at the Op-  
era House next Wednesday night, ar-  
ranged several added attractions that  
will make the evening a memorable  
one to Greencastle and DePauw Uni-  
versity people.

Those in charge of the affair have  
secured the DePauw Old Gold Col-  
legiate orchestra to play during the  
intermissions, and from 7 to 8 o'clock,  
prior to the opening of the regular  
performance, the orchestra will play  
one of its enjoyable concerts.

And—that is not all—Every wo-  
man who attends the show Wednes-  
day night, will be presented with a  
wonderful—yes, wonderful, gift bag.  
Now this gift bag will be well worth  
while. One article, alone—and it  
will contain at least a half dozen  
articles—at retail is worth \$1.

Any woman or University girl who  
misses this opportunity to get one of  
these gift bags will be mighty dis-  
appointed when she finds out all  
about it. But that will be after-  
wards, and then it will be too late.

"The Blue Bowl," as given by the  
Little Theater Society cast of Indi-  
anapolis, is by far the best vehicle  
in which the cast has appeared in  
Greencastle. Just a few days ago  
the Murat Temple, in Indianapolis,  
was filled to capacity for this show.  
And it made the hit of the season.

### WATCHFUL WAITING

WASHINGTON, March 21.—The  
tropical radio station at Tegucigalpa  
capital of Honduras, is now manned  
by American operators and guarded  
by American blue jackets so that com-  
munications with this country may be  
maintained, a dispatch from the com-  
mander of the United States cruiser  
Milwaukee to the navy department  
said today. Conditione in the Hon-  
duran capital were quite early today.

State department officials were  
closely watching the situation in Hon-  
duras where serious revolutionary dis-  
orders threaten to embroil the U. S.  
Official confirmation of dispatches  
that the American landing party of  
167 sailors had been fired on by the  
Honduran government troops was  
awaited by Secretary of State Hughes  
before taking any action.

### PROFIT FROM FUNERAL

MOSCOW (United Press)—Mos-  
cow florists made over \$25,000 gold  
rubles out of the sale of wreaths for  
Lenin's funeral. They also increased  
their prices, showing that human na-  
ture is about the same in Moscow as  
in New York.

## NAME OF WEST LAFAYETTE MAY BE CHANGED TO PURDUE

Special Election Will be Held in Town  
to Determine Whether to Incor-  
porate it as a City

LAFAYETTE, March 21.—A spe-  
cial election will be held in the town  
of West Lafayette on April 1 to de-  
cide whether the town shall be ad-  
vanced to a city of the fifth class.  
This action was decided upon at a  
mass meeting in the town hall, when  
petitions signed by many citizens  
were presented. If the voters de-  
cide on the city fifth class form of  
government, it will be necessary to  
elect a mayor who will take the  
place of the president of the town  
board, now serving as executive.  
Changing the name of the town  
has also been advocated by many  
residents. Among names mentioned  
Purdue was adjudged the most suit-  
able.

## "BLACK OXEN" CREATES STIR

PHYSICIAN ATTACKS NOVEL  
WRITTEN BY MRS. ATHER-  
TON. IS CAUSING TROUBLE

CHICAGO, March 21.—Gertrude  
Atherton, famous novelist is working  
great harm to the womanhood of  
America by holding out "false hopes"  
of recapturing youth, Dr. Max Thorek,  
surgeon in chief of the American hos-  
pital here and leading authority on  
gland transplantation, charged today  
in an interview with the United  
Press. Through her novel "Black Ox-  
en" and the moving picture based on  
the book, Miss Atherton is driving el-  
derly women to quacks who do more  
injury than good, Dr. Thorek stated.

There is no such thing as rejuvena-  
tion," Dr. Thorek declared elaborat-  
ing on the attack of Miss Atherton in  
an address to the Chicago Medical So-  
ciety.

"The lady is messing about in mat-  
ters concerning which she is ignorant,"  
Dr. Thorek said. "Unwittingly, per-  
haps she is doing a lot of harm. I  
have read her novel 'Black Oxen' and  
have seen the picture made from it.  
The operation referred in it is prob-  
ably the sex stimulating operation of  
Dr. Eugene Steinach of Vienna,  
utilizing the X-ray for purposes of  
stimulation.

"Dr. Steinach is a great investiga-  
tor and a scientist of high attainment.  
I spoke to him on this subject in  
Vienna last year and he was rather  
amused at the application which has  
been made of his theories."

### NATION WILL SUFFER

INDIANAPOLIS, March 21.—The  
whole economic and financial struc-  
ture of the nation will suffer as the  
result of the condition in which ag-  
riculture finds itself unless prompt  
action is taken. Perry H. Crane,  
general secretary of the Indiana Farm  
Bureau Federation declared here to-  
day in a statement urging the sup-  
port of organized agriculture for the  
McNary-Naugen agricultural relief  
bill.

The bill has been reported favor-  
ably by the Senate committee on ag-  
riculture and forestry.

"The full force of organized agri-  
culture must be if this measure is to  
be passed," Crane declared. "We be-  
lieve the McNary-Haugen bill offers  
one way out of a serious dilemma. To  
that end we are urging its enactment."

### H. C. HAYS SILENT

SULLIVAN, Ind., March 21.—Hin-  
kle C. Hays, a member of the law  
firm of Hays and Hays, and a brother  
of Will H. Hays, former chairman of  
the Republican national committee,  
refused to comment on the story now  
being investigated by the senate oil  
committee to the effect that Will H.  
Hays and Attorney General Daugherty  
were given 75,000 shares of Sin-  
clair oil stock to help pay a \$1,000-  
000 deficit in the Republican party's  
1920 campaign funds.

Hays would neither confirm or  
deny a report that the firm represent-  
ed the Sinclair oil company at one  
time. He also declined to answer  
questions as to whether members of  
the firm held stock in the Sinclair  
company.

"I have nothing whatever to say,"  
Hays said.

## CONTINUE SEEKING OF JURYMEN

DEFENSE FOR GOVERNOR Mc-  
CRAY QUESTIONS JURORS  
ACCEPTED BY THE STATE

### WORK IS PROGRESSING

Eleven Men Were in the Jury Box  
When Court Adjourned on  
Thursday Evening

INDIANAPOLIS, March 21.—Con-  
fidence that a jury for the trial of  
Governor McCray would finally be se-  
lected today was expressed by attor-  
neys for the prosecution and for the  
defense as the fifth day of question-  
ing talesmen began.

Throughout the afternoon yester-  
day the defense examined a jury that  
had been tentatively accepted by the  
state. Particular efforts were made  
to uncover any political bias the pros-  
pective witnesses might have which  
would prevent them from rendering a  
fair verdict.

Eleven men were in the jury box  
when court adjourned. Seven of these  
had been in the box throughout the  
day and it was believed they would  
be members of the jury.

Attorneys said they believed five  
other men could be found today who  
would be satisfactory. Under the  
constant urging of Judge Chamber-  
lin for action, the work of picking the  
jury has progressed more rapidly  
the past two days.

More than three fourths of the or-  
iginal venire of 200 men has been  
exhausted. It was not believed, how-  
ever, that it would be necessary to  
summon additional veniremen to  
complete the jury.

As the selection of the jury pro-  
gressed, it became increasingly dif-  
ficult for talesmen to avoid service on  
the grounds of having formed an  
opinion.

Two or three opinionated men were  
pinned down by Judge Chamberlin  
yesterday and forced to admit they  
might be able to give a fair ver-  
dict after all. They remained in the  
box.

## VIOLATES MANN ACT

MINISTER IS HELD ON SERIOUS  
CHARGE. ARRAIGNED IN  
FEDERAL COURT

ATTICA, Ind., March 21.—The Rev.  
Lewis Holloway, pastor of the local  
United Brethren church, was to be  
arraigned in Federal court at Dan-  
ville, Ill., today on charges of violat-  
ing the Mann white slave act.

Rev. Holloway is charged with tak-  
ing Agnes Weymire, 15, an orphan,  
from this city to Rossville, Ill. There  
it is charged they registered at the  
Dixie Highway Hotel as man and  
wife, and stayed overnight.

Miss Weymire sang in the church  
choir which the Rev. Holloway recent-  
ly organized.

### TO GIVE PAGEANT

The pageant, "Links in a Great  
Adventure, to be given at Locust St.  
church on Sunday night, presents  
first in symbolic figures, the church  
and her ideals of service. The W. F.  
M. S. is represented by the eleven  
branches into which it is territorially  
divided. Then follow figures showing  
the different lines through which  
they work, and lastly, a group cost-  
umed to represent some of the coun-  
tries in which work is being done;  
these last being encircled by the shel-  
tering love and care of the church  
through the W. F. M. S.

An attractive feature will be the  
singing by the three young lady  
students from China.

Service begins at 7:30. Everybody  
welcome.

### DREAM MAY COME TRUE

WASHINGTON, March 21 (United Press)—If Isle Royale, a virgin island in the heart of Lake Superior, becomes a national recreation area, one of the dreams of Secretary of the Interior Work will be realized.

Steps have already been taken by the secretary to procure the island for national park purposes. A portion of the land owned by the state of Michigan has been donated to the federal government and several private owners have informed the secretary of their disposition to follow the state's action. As soon as the entire acreage has been transferred by gift to the government, Secretary Work will recommend to the President that it be converted into a national monument.

The island has an acre of 132,000 acres. It is 45 miles long and 9 miles wide. It lies almost in the center of the lake and is 35 miles from Duluth, Minn., and 18 miles from Port Arthur.

Once the transfer to the government is effected it is the plan to preserve the features of the island. Here among the stately trees the axe of the woodcutter has never been heard. Over the mossy banks and leaf-covered stretches roam herds of moose, woodland caribou and other animals, which have never heard the report of the hunter's gun. In its 21 cool inland lakes and swift-flowing streams live finny tribes who have never been tempted by the fisherman's bait. In the tree-tops are breeding places of innumerable wild fowl, migratory song and insectivorous birds and gulls and terns.

Evidence of pre-historic mining and inhabitants have been uncovered in sections of the island. It is the only place known to man where chert-stones (green stones) and thompsonites have been found. For many reasons the island is of unusual scientific interest, and offers rare opportunities for research and study.

"This island, it seems to me," said Secretary Work, "fully measures up to national monument standards, and I have no doubt that it is qualified for a conspicuous place in the National Park System. If practically all of the holdings can be secured for the nited States, I will be pleased to exercise the power vester in me by law to accept the gift and recommend to the President that he establish a national monument to preserve the island in its natural condition.

## H. S. Notes

The Constitution contest was held this afternoon in the High School Auditorium at 2:30. The four contestants, Gertrude Mathew, Pearl Wright, Paul McCormick and Imogene Mullins competed for first honor in the local High School. The details of the contest were unobtainable for today's edition but will be announced tomorrow. The winner of this contest will meet the Rockville and Fillmore contestants for the privilege of going to the sectional. The winner of that will go to the state meet.

The senior class will begin preparation for their class play next week. The title is "A Full House." This ought to prove to be a fine play.

The weather man prevented the baseball boys from getting their outside work yesterday and seems to be in the same mood for a few days hence.

The Blue Moon which was put on last night again to a fairly good house was well attended by High School students.

Coach Rhea went to Martinsville this afternoon to attend the celebration of the victory. He received an invitation to attend and has accepted. The celebrators will have dinner at the Home Lawn sanitarium at five o'clock and then will go to the Gym for the program. All teams who played Martinsville in the tourney will be their guests. Coach Rhea was given a special invitation.

INDIANAPOLIS LIVESTOCK  
INDIANAPOLIS, March 21—Hog prices advanced sharply on the Indianapolis livestock exchange today due to light receipts of 6,000 and a broad demand from outside and local sources.

The upturn was 15 to 20 cents, all qualities selling at the flat price of \$7.85. Receipts in the truck department slumped because of the heavy snowfall.

Sows and pigs were active and strong, pigs selling down from \$7.25 and sows down from \$6.75.

In the cattle market prices for good

stock tended higher. Common stock found a ready sale on an unchanged basis. Steers sold at \$8 to \$10.50 and cows and heifers at \$6 to \$9.50. Receipts were 600.

Prices in the calf division were barely steady. Though a few select offerings continued to bring yesterday's top of \$13, the practical top was \$12.50. Bulk brought \$12 to \$12.50. Receipts were 500.

Sheep and lamb prices were nominally steady on receipt of less than 100 head.

### WHEAT POOL

In order that the producers of Indiana wheat may secure reasonable return for investment and labor, the State Farm Federation is organizing the Indiana Wheat Growers Association which is popularly called the Indiana Wheat Pool.

In brief, the plan simply means the organization of at least 40 per cent. of the state's wheat crop, pooling the wheat and selling it in a business-like manner. It aims to eliminate dumping and speculation, and to increase the value of wheat compared with commodities which we must buy.

Wheat now brings the farmer less in proportion to what he buys than it ever has. A bushel of wheat once would buy a pair of shoes; now it requires five to eight bushels to do the same thing. Comparisons of this sort will show that each product which the farmer buys has increased in price out of all bounds as compared to wheat or other farm products. Everything we buy comes at a high price.

The average cost of producing a bushel of wheat in Indiana last year was in excess of \$1.40, according to analyses made by Purdue University, as well as by figures offered by the U. S. Department of Agriculture. In other words, wheat is now selling for less than production cost. Every other class of business men in the country sell their product at a price which will yield them a profit, in addition to cost. The farmer alone has been caught in the melee of price adjustment and has suffered in consequence.

The State Farmers Federation has hired Mr. Hall a farmer from Green County to take charge of the Wheat Sign-Up in this County. Mr. Hall held meetings in various townships as follows: Tuesday, March 18, Cloverdale; Wednesday, March 19, Washington; Thursday, March 20, Bainbridge. He will hold a meeting Friday, March 21 at Floyd Center; Monday, March 24 at Fillmore; Tuesday, March 25 at Franklin; Wednesday, March 26 at Madison; Thursday, March 27 at Clinton, and Friday, March 28 at Jackson.

## DePAUW NOTES.

Robert Demaree, Elmer Sultzer and Paul W. Darrow have been given the right to write music and lines for the next Fall University Old Gold Day production, by the Student Council. These three students had quite a bit to do with the last fall's Old Gold Day entertainment and because of their success at that time they have been given this honor.

The DePauw University Glee Club, directed by Sam Ham, appeared in a short recital at chapel this morning. The organization accompanist is Prof. Eugene Hassel, instructor of piano, in the DePauw School of Music.

The concert was well given and bids for a splendid trip which will be made by the club beginning March 29. The numbers given this morning were as follows: "Lansighting," by Grieg; "Glory of the Dawn," by O'Hare and as an encore "A Tragic Tale," by Fox.

At Thursday night's Y M C A election of officers the following men were chosen: President Otis Sanford; vice-president Frank Good-nough; treasurer, Gerald Champion, and secretary, Paul Read. Ronald Fischer leaves the office of presidency with a record of splendid service and under his guidance the organization has had a most successful year.

The W S G A circus Saturday evening in the Bowman Memorial Gymnasium one of the best entertainments of jollity which is given in Greencastle during the college months and no doubt the citizens will attend in large numbers. For several weeks Miss Cornelia Allen, the chairman of the committee in charge has been working with her committee and nothing has been left undone to make the event tomorrow night a most enjoyable one. The price of admission to the many interesting and varied shows is nominal and for a few "ducats" every one can get a thorough treatment by the "laugh cure method of chasing away the blues.

# Constipation breeds 40 diseases

What a wreck of the human body constipation can make. It floods the system with dangerous poisons. It leads to serious diseases. Don't neglect it!

Kellogg's Bran, cooked and krumbled, if eaten regularly, is guaranteed to relieve permanently the most chronic cases of constipation. If it fails, your grocer will return your money. Kellogg's is ALL bran. Doctors recommend it. They know that only ALL bran can bring 100 per cent results.

Kellogg's Bran stimulates the intestine in nature's own wonderful way. It sweeps, cleans and purifies! It makes the bowels function naturally—and regularly.

Kellogg's Bran has a delicious, nut-like flavor. Eat it with milk or cream—or in the recipes given on every package. Eat two tablespoonfuls daily—in chronic cases, with every meal. All grocers.

## KNITTED JACQUETTE STYLE TYPE FEATURES THE SIDE-TIE EFFECT

NEFORTH when milady sallies forth on a shopping tour, she of modern school who would purchase a knitted coat will write on her hand, in letters bold, such as jumper, jacquette or Oriental. This fashion's decree, since the mass of opinion votes "sweater" being inadequate to express the scope of the season's knitted jackets and slippers.

That knitted outerwear is styled every occasion, formal and informal, we welcome the introduction of the season's vocabulary, the names of jumper and Oriental coat, all since we are assured that three styles stand preeminently in the season's modes.

Turning to the jacquette pictured in the side-tie effect is a mark of distinction. The graceful knitted streamers, heavily yarn-fringed, are appealing grace to the entire ensemble. Another of the season's styles for stripes in knitted garments. Sometimes they go up-and-

down or, as in this case, round-and-round. Whatever their direction, stripes are the mode.

Girlish turn-back collars are greatly fancied, for their becomingness is assured. Notice also the plain knit binding and the long snug sleeves, each an item of latest vogue.

The jacquette also exploits the tailleur, in keeping with fashion's announced intention of emphasizing an era of tailored apparel. However there are also included in the season's modes wondrous knitted jacquette fantasies.

The latest is for knitted scarf to match the jacquette. Very prominent, too, is the monogram idea. Often the monogram appears interknit on pocket and scarf as well.

Practical shades such as Mexico, buff, navy, and especially black with white, vie with vivid new tones which include jade, blossom, lacquer red, and a blue called Chink.

### HINTS ON STYLES

Who bought a little gown with little figures on it; said "This is the only way to get in print, doggone it!"

Printed materials are pushing their way through the plain satins, taffetas, and cottons as Spring approaches. Women have grown to insist on the printed frock as indispensable to the wardrobe. Surely, a flow-

ered print or Paisley makes a gown that is suitable for many occasions. The summer traveler finds it the most successful material for knock-about wear, as it is just as suitable for afternoon wear as for morning wear.

This season brings out a great variety of patterned materials, ranging from huge flowered effects to tiny Chinese figures. Hand-dyed print, resembling batik, is also listed among the newest of gown materials. Black

and white promises to be the favorite to Spring's colorings, although brilliant backgrounds with white figures or flowers are equally new. White leaves on colored backgrounds are particularly charming.

In the cotton goods cretonnes and figured crepes proved so successful with the Palm Beach fashionables that they will undoubtedly carry on into the summer months up North. As simplicity is the keynote of the spring and summer silhouette, the printed frock takes away the too severe appearance that many of the plain materials have. Prints are used to make entire dresses as trimming on plain material and for the fashionable short pacquette, which is worn with a plain skirt.

From England comes the topsyturvy frock, which has a reversible blouse and a ruffled skirt, which may be worn upside down, displaying ruffles of contrasting color. Milady may start out in the afternoon in a tea-time frock of brown silk, made with the popular longwaisted separate bodice and a skirt of five rows of brown ruffles lined in gold. There is no necessity of going home for a change of costume for evening, for presto, she turns her blouse inside out, displaying the gold satin lining, put her skirt on upside down again displaying five tiers of gold ruffles and her change is complete.

But how can she fit the hem of her skirt to a waist line. That a simple matter. Underneath the bottom huffle the hem of the skirt foundation is made with a cord, which can be tightened to fit the waist measure. This same cord can be let out to give freedom of hemline when used as the bottom of the skirt.

The reversible cape is also one of the novelties of spring. As many of the frocks are using little shoulder capes, and these are invariably gorgeously lined, they may be worn inside out over the white summer frock.

While beaded dresses have lost their charm for day-time wear, evening sees them out in all their glory. have never been as lovely as they are this season. Brilliant, rhinestones and crystal are spring's favorite trims.

Gold veils are the latest whim from Paris. Those already on display in New York shops are either very small extending just over the eyes, or quite large, with ends forming streamers at the sides of the hats. Usually the gold veil is worn with the brown or black hat.

**You can be free from Eczema!**

WIERD, creeping, annoying sensations—scratch—scratch—scratch—eczema and other skin eruptions, spoiling your complexion—causing you uncalled for embarrassment—causing you to pull your temper. All because of impurities that are rampant in your system—because your red blood cells are dormant.

S. S. S. clears up skin eruptions through its power of cleansing the blood. Herbs and barks, carefully selected and scientifically prepared and proportioned, which make up the ingredients in S. S. S. are the most feared and dreaded enemies of skin disorders. Eczema, pimples, boils, blackheads and other skin diseases, pack up and leave the system when S. S. S. sends new rich blood coursing through your veins.

Have a general house cleaning for your system. Let S. S. S. rid you of those impurities which tend to keep you in a run-down condition. Skin disorders are nothing more than bill-boards announcing that the system is "off color." S. S. S. is sold by the leading drug stores. The large size bottle is the more economical.

### BIBLE CLASS MEETING

The Keystone Bible Class met with Miss Toney Mason and Miss Hattie Connelly at the home of Miss Mason, Wednesday evening. A very interesting meeting was held and much good accomplished. About nineteen members were present and several visitors. The meeting was opened by singing "What a Friend we Have in Jesus," after which Mrs. A. L. Beatty read a part of the 16th Chapter. Acts of the Apostles, followed with prayer by Mrs. C. E. Adhams. Mrs. R. A. Sturm gave a very interesting and helpful paper on "Lydia, Paul's First Convert." Mrs. Sturm deserves much credit for this work as it represents much historical research. Misses Gertrude Matthews, Mary O'Rear and Louise Shumaker each gave interesting and comical readings. Miss Mason and Miss Connelly in their usual hospitable manner served delicious refreshments to which all did ample justice.

### MURPHY WAS INDICTED

Michael Murphy, Terre Haute bad man, who was arrested in Chicago, last Saturday through the work of Detective Guy Bolin, of this city, was indicted by the Parke county grand jury Monday for complicity in the robbery of the Bridgeton bank last November.

### SECOND PRESENTATION

The Musical Comedy "Once in a Blue Moon" was repeated in the High School Theatre last night to a good house. The audience was very enthusiastic in their praise of the work which the cast of school pupils put over. Many were heard highly praising the work after the performance.

Not only was high school talent used, but common school talent ranging from the second grade up was in evidence. One of the striking events of the common school entertainment was a Spanish dance executed in a very fine style by little Ardith Moore, sister of the leading lady in the play.

Some talk about the cast going out of town to give the play has been circulating but this is not official.

Mrs. Beusenburg is to be highly commended on her excellent work in putting over a project like this.

### DELIVERS A FINE AUTO

E. B. Lynch of the King, Morrison & Foster Company, Cloverdale, on Friday delivered to Abe Cohn, a merchant of Cloverdale, one of the finest automobiles that has ever come to Putnam county. It is a Lincoln sedan, seven passenger and is listed at \$5,500. It is the only car of its kind in Cloverdale.

### ADDITIONAL LOCALS

Squire Robert H. Newgent has moved his office from the Cooks' Opera House building to the former office of A. R. Hurst.

Charles Tony, who is employed by A. Cook, will leave Saturday for Knoxville Tenn., where he will spend two weeks with his father.

### PENAL FARM INMATE DIES

Russel Lemon, age 18 years, died of Blood Poisoning at the Penal Farm early Friday morning. Lemon was sent to the farm from Martinsville. The body was brought to the Prevo Thomas Funeral Parlor after which it will be shipped to the home of the parents in Martinsville.

### OLLIE SUTHERLIN WRITES

Frank Peck is in receipt of the following letter:

UNITED STATES SHIP UTAH  
Culebra, Porto Rico.  
Box 91, % N.Y. postmaster  
February 23, 1924.

Dear Frank:—  
I told you I would write you a letter when I got in a foreign port. Well I am outside of the United States a long ways. We are going to Martinique, a French island in the Caribbean Sea about 500 miles south of here. We are in the West Indies, sometimes called the Virgin Islands.

They are having a little trouble in Mexico and the navy has sent some destroyers to the Gulf and we are not far from the Gulf.

There are all kinds of fruits on the Islands here such as bananas, cocoa nuts, oranges etc. I don't think I will be home on this next furlough because it will cost too much, but I might change my mind. I am still fireman; am on two doors on a boiler, firing both doors.

Has it snowed any in your town yet? I have not seen any snow since well over a year ago. I suppose you still live in town as you did while I was at home. The Utah is a coal burner but she may be changed to an oil burner as some of the boilers are condemned.

Since I left home I have been in quite a few cities. When I left I went to Chicago, then to Great Lakes, thru Michigan across the Niagara river up into Canada and rode 200 miles in Canada till we came to the States at Buffalo, N.Y. and through Syracuse to Boston where I got on the ship, then we went to Hampton Roads near Norfolk, Va., to Baltimore, Md. to New York City where I went to New Jersey and Brooklyn, then to Boston and then South where I have been since.

Your Sailor,  
OLLIE F. SUTHERLIN

### NEWS OF COLORED FOLKS

The Mt. Zion Baptist church is holding a series of revival meetings. The meeting last evening was conducted by Rev. Taylor of Indianapolis, and Rev. Franklin of Greencastle.

Mr. Bert Dickens, aged 80, died of heart failure Wednesday morning.

Mrs. Davis and Mrs. Williams were evening callers on Mrs. C. S. Wood Thursday.

The local K. of P. lodge held a smoker Thursday evening. The meeting was well attended.

The Corinthian Court, No. 8, gave a unique entertainment Monday evening in the form of a "trip around the world." The hall in which the entertainment was given was decorated in a very artistic manner. The insignia above each stopping place in "the trip" designated the country in which the traveller found himself, as well as the food he received there.

The first step was Tia Juan, where chile was served. Next the traveler paused at Panama, where he received potato salad. From there he traveled to Boston where baked beans were served to him. Lasthe was served ice cream in Alaska.

The entertainment was successful to the nth degree.

Miss Louise Russell gave a delightful birthday party Thursday evening at Mr. and Mrs. Charles Taylor's home. The house was decorated in an attractive manner, with pink and white decorations. The white birthday cake, bearing twentytwo lighted white and pink tapers was a beautiful creation.

The hostess rendered several musical selections, after which other entertainments and refreshments followed.

Misses Louise Russell and Elizabeth Miles and Messrs. Floyd Miles, Theo. Miles, John Lene, John Newson, Fay Miles and T. Lindsay spent Sunday evening in Brazil.

### SPRING IS HERE

INDIANAPOLIS, March 21—Spring was ushered into Indiana in company with one of the heaviest snowstorms of the year.

The local weather bureau reported a snowfall of 5.7 inches between noon yesterday and 7 o'clock this morning, a record for the winter for that length of time.

Public utilities and transportation companies were seriously handicapped by the storm.

Clear weather was predicted late today and Saturday.

### ROCKEFELLER LUCKY

ORMOND BEACH, Fla., March 21—John D. Rockefeller is recovering slowly from the shock—as golfers may well realize—of sinking a 21 putt for a par three on the local course during his game yesterday. Rockefeller was playing at the time with A. W. Calloway, of Philada, J. H. Wood, of Chicago, and Mrs. I. D. Warner of Bridgeport, Pa. He pulled his master stroke during a driving rain and in the face of a grinding movie camera.
